Family History

My dad passed away in 2008 when I was four years old. My mother remarried and took me with her but I could not stay with her new husband so I went back to my father's relatives. I did not have any siblings. I have an uncle and grandmother but neither one of them is able to provide for me. The pastor of my church saw my desperate situation and recommended that I be given an opportunity to live at Ogada Children's Home. This dream came true in 2011. Now I have a big family. I am in class 8 at Ogada Primary School.
