Dear Sponsor,

On behalf of Pearl S. Buck Foundation-Philippines, Inc. (PSBP), I am pleased to introduce Dinese Rhain Paet and her family. Dinese was born on 11 May 2013 she is now 7 years old.

Dinese is an active and healthy grade 2 student at Manggahan Elementary School, a government owned school which is located 50 meters from her residence. She rides a tricycle from home going to and from her school. She is an average student and dreams of becoming a Teacher someday.

Dinese loves to play playhouse and other outdoor activities with her friends in the neighborhood but due to pandemic she only stays at home to play for now. She also enjoys, drawing, dancing and watching TV. At home, she helps in washing dishes and running simple errands.

Dinese is living with her parents. Her father, Reanjay Paet., 31 years old, works as a part time welder/laborer and earns \$84 monthly. Her mother, Daisy Jardinero, 31 years old is a housewifeHis income usually spent on food, utilities and education. We would like to introduce to you the other members of the family. They are the following:

Name	Gender	Age	Relation to SC	Current Activity	Health Condition
Reanjay Paet	Male	31	Father	Welder/laborer	Good Health

Daisy Jardinero	Female	31	Mother	Housewife	Good Health

Dinese has been in the area for 7 years now. They are living in a rental house for \$21 monthly. The house is built with G.I Sheets for the roof, cemented walls and cemented floorings that is in good condition. It has 1 room with 2 windows. They use electricity as source of light. The family is able to eat three meals a day with rice, fish and vegetables being the usual combination. They get their water from water pipe that is shared with relatives and use charcoal for cooking. The family use water sealed toilet that is shared with their relatives and their household garbage is disposed through government disposal system.

Like any other Filipino family, the Paet family wishes to improve their quality of life. The parents dream of having the child's complete education, enjoy good health, have a clean and orderly house and most importantly, increase their income.

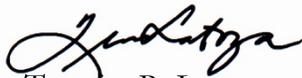

PSBP, together with the community, implements programs in health, education and psycho-social development and protection that benefit the children, their families and communities in the area. We hope that through the PSBP sponsorship program, the Paet family could take part in our programs.

The sponsorship assistance that the PSBP could provide would greatly support Dinese's education and her family as well. PSBP is committed in helping the children achieve their full potential, build better lives through its various programs.

Dinese and her parents look forward to communicating with you in the future to share special and important events of the family.

We hope that you find this new partnership meaningful and rewarding.
