Dear Sponsor,

On behalf of Pearl S. Buck Foundation-Philippines, Inc. (PSBP), I am pleased to introduce Emmanuel Meniosa and his family. Emman was born on 10 November 2011, he is now 9 years old.

Emman, is an active and healthy grade 3 student at Gordon Heights 1 Elementary School, a 500 meters government owned school. He walks from home in going and to and from his school. He is an average student and dreams of becoming a Policeman someday.

Emman loves to play basketball, hacky sack and other outdoor activities with his friends in the neighborhood but due to pandemic he only stays at home to play for now. He also enjoys drawing, singing and dancing. At home, he helps in washing dishes, gathering firewood and running simple errands.

Emman is living with his parents and his sibling. His mother, Emelie Meniosa, 46 years old is a housewife and his father, Eliceto Meniosa, 42 years old is a Gasoline Attendant who earns \$104 monthly. His father's earnings usually spent on food, utilities and education. We would like to introduce to you other members of the family. They are the following:

Name	Gender	Age	Relation to SC	Current Activity	Health Condition
Eliceto Meniosa	Male	42	Father	Gasoline Attendant	Good Health

Emelie Meniosa	Female	46	Mother	Housewife	Good Health
Jesryl Meniosa	Female	15	Sister	Student	Good Health

Emman has been in the area for 9 years now. They are living in the house where they serve as the caretaker. The house is built with G.I Sheets for the roof, wooden walls and cemented floorings and is in good condition. It has 2 rooms with a separate kitchen and has 4 windows. They use electricity as source of light. The family able to eat three meals a day with rice, fish and vegetables being the usual combination. They get their water from pipe which they owned and use firewood for cooking. The family uses a water-sealed type of toilet and their household garbage is disposed of through government waste disposal system.

Like any other Filipino family, the Meniosa family wishes to improve their quality of life. The parents dream of having the child's complete education, enjoy good health, have a clean and orderly house and most importantly, increase their income.

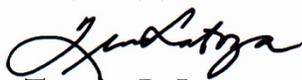

PSBP, together with the community, implements programs in health, education and psycho-social development and protection that benefit the children, their families and communities in the area. We hope that through the PSBP sponsorship program, the Meniosa family could take part in our programs.

The sponsorship assistance that the PSBP could provide would greatly support Emman's education and his family as well. PSBP is committed in helping the children achieve their full potential, build better lives through its various programs.

Emman and his mother look forward to communicating with you in the future to share special and important events of the family.

We hope that you find this new partnership meaningful and rewarding.

Very truly yours,

Teresita R. Latoza
