Dear Sponsor,

On behalf of Pearl S. Buck Foundation-Philippines, Inc. (PSBP), I am pleased to introduce James Manzano and his family. JM was born on 5 October 2013 he is now 7 years old.

JM is an active and healthy grade 2 student at Iram Elementary School, a government owned school which is located 250 meters from his residence. He walks from home going to and from his school. He is an average student and dreams of becoming an Engineer someday.

JM loves to play basketball, hide-and-seek and other outdoor activities with his friends in the neighborhood but due to pandemic he only stays at home to play for now. He also enjoys singing, dancing and reading. At home, he helps in washing dishes, cleaning the house and running simple errands.

JM is living with parents. His father, Alvin Manzano, 40 years old is working as a part time CCTV Electrician and earns \$84- 105 monthly. Their income usually spent on food, utilities and education. We would like to introduce to you the other members of the family. They are the following:

Name	Gender	Age	Relation to SC	Current Activity	Health Condition
Alvin Manzano	Male	40	Father	Part-time CCTV Electrician	Good Health
Judy Manzano	Female	39	Mother	Housewife	Good Health

Marie Louise Manzano	Female	14	Sister	Student	Good Health
Paul Vincent Manzano	Male	8	Brother	Student	Good Health

JM has been in the area for 7 years now. They are living in their own house. The house is built with G.I Sheets for the roof, cemented walls and cemented floorings that is in good condition. It has 2 rooms with 4 windows. They use electricity as source of light. The family is able to eat three meals a day with rice, fish and vegetables being the usual combination. They get their water from their pump well that is shared with their neighbors and use gas stove for cooking. The family has their own water sealed toilet and their household garbage is disposed through government disposal system.

Like any other Filipino family, the Manzano family wishes to improve their quality of life. The parents dream of having the child's complete education, enjoy good health, have a clean and orderly house and most importantly, increase their income.

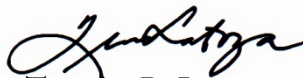

PSBP, together with the community, implements programs in health, education and psycho-social development and protection that benefit the children, their families and communities in the area. We hope that through the PSBP sponsorship program, the Manzano family could take part in our programs.

The sponsorship assistance that the PSBP could provide would greatly support JM's education and his family as well. PSBP is committed in helping the children achieve their full potential, build better lives through its various programs.

JM and his parents look forward to communicating with you in the future to share special and important events of the family.

We hope that you find this new partnership meaningful and rewarding.

Very truly yours,

Teresita R. Latoza
