Dear Sponsor,

On behalf of Pearl S. Buck Foundation-Philippines, Inc. (PSBP), I am pleased to introduce Kwizzy Luna and her family. Kling – Kling was born on 26 April 2013, she is now 8 years old.

Kling – Kling, is an active and healthy grade 2 student at San Jose Heights Elementary School, a government owned school which is located .7 kilometers from her residence. She walks from home going to and from her school. She is an average student and dreams of becoming a Nurse someday.

Kling – Kling loves to play piko, patintero and other outdoor activities with her friends in the neighborhood but due to pandemic she only stays at home to play for now. She also enjoys dancing and coloring. At home, she helps in washing the dishes and running simple errands.

Kling – Kling is living with her parents. Her father, Aries Luna, 41 years old works as a Construction worker and earns \$120 monthly. Her mother, Cherryl Luna, 42 years old works as a baby sitter and earns \$42 monthly. Their income usually spent on food, utilities and education. We would like to introduce to you other members of the family. They are the following:

Name	Gender	Age	Relation to SC	Current Activity	Health Condition

Kling-Kling has been in the area for 8 years now. They are living in their own house which is provided by the government. The house is built with G.I Sheets for the roof, cemented walls and cemented floorings that is in good condition. It has 1 multipurpose room with 1 window. They use electricity as source of light. The family is able to eat three meals a day with rice, fish and vegetables being the usual combination. They get their water from pipe which they shared with their relatives and use gas stove for cooking. The family uses their own water sealed toilet and their household garbage is disposed of through government waste disposal system.

Like any other Filipino family, the Luna family wishes to improve their quality of life. The parents dream of having the child's complete education, enjoy good health, have a clean and orderly house and most importantly, increase their income.

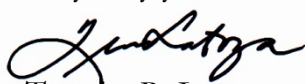

PSBP, together with the community, implements programs in health, education and psycho-social development and protection that benefit the children, their families and communities in the area. We hope that through the PSBP sponsorship program, the Luna family could take part in our programs.

The sponsorship assistance that the PSBP could provide would greatly support Kling-Kling's education and her family as well. PSBP is committed in helping the children achieve their full potential, build better lives through its various programs.

Kling – Kling and her parents look forward to communicating with you in the future to share special and important events of the family.

We hope that you find this new partnership meaningful and rewarding.

Very truly yours,
