Dear Sponsor,

On behalf of Pearl S. Buck Foundation-Philippines, Inc. (PSBP), I am pleased to introduce Precious Ashley Rebusi and her family. Palang was born on 17 July 2010 she is now 10 years old.

Palang is an active and healthy grade 5 student at Villa Teodora Elementary School, a government owned school which is located 100 meters from her residence. She walks from home going to and from her school. She is an average student and dreams of becoming a Teacher someday.

Palang loves to play hide-and-seek, jumping rope and other outdoor activities with her friends in the neighborhood but due to pandemic she only stays at home to play for now. At home, she helps in washing dishes and running simple errands.

Palang was abandoned by her Austrian father since she was born. She is now living with her mother, siblings and other relatives. Her mother, Maribeth Rebusi, 41 years old, works as a manicurist earns \$52 monthly. Her mother's income usually spent on food, utilities and education. We would like to introduce to you the other members of the family. They are the following:

Name	Gender	Age	Relation to SC	Current Activity	Health Condition
------	--------	-----	----------------	------------------	------------------

Palang has been in the area for 6 years now. They are living in rental house for \$83 monthly. The house is built with G.I Sheets for the roof, cemented walls and cemented floorings that is in good condition. It has 2 rooms with 4 windows. They use electricity as source of light. The family is able to eat three meals a day with rice, fish and vegetables being the usual combination. They get their water from their own spring and use gas stove and gas stove for cooking. The family has their own water sealed toilet and their household garbage is disposed through government disposal system.

Like any other Filipino family, the Rebusi family wishes to improve their quality of life. The parents dream of having the child's complete education, enjoy good health, have a clean and orderly house and most importantly, increase their income.

PSBP, together with the community, implements programs in health, education and psychosocial development and protection that benefit the children, their families and communities in the area. We hope that through the PSBP sponsorship program, the Rebusi family could take part in our programs.

The sponsorship assistance that the PSBP could provide would greatly support Palang's education and her family as well. PSBP is committed in helping the children achieve their full potential, build better lives through its various programs.

Palang and her mother look forward to communicating with you in the future to share special and important events of the family.

We hope that you find this new partnership meaningful and rewarding.

Very truly yours,
