Dear Sponsor,

On behalf of Pearl S. Buck Foundation-Philippines, Inc. (PSBP), I am pleased to introduce Rhennia Nicole Realino and her family. Nicole was born on 7 November 2014, she is now 6 years old.

Nicole, is an active and healthy kinder 2 student at Muzon Pabahay Elementary School, a government owned school which is located .3 kilometers from her residence. She walks from home going to and from her school. She is an average student and dreams of becoming a Teacher someday.

Nicole loves to play toys and mobile games and other outdoor activities with her friends in the neighborhood but due to pandemic she only stays at home to play for now. She also enjoys drawing, dancing and singing. At home, she helps in running simple errands.

Nicole is living with her parents. Her father, Bryan Realino, 34 years old works as a Construction worker and earns \$188 monthly. Her mother, Riza Realino, 30 years old is a housewife. Her father's income usually spent on food, utilities and education. We would like to introduce to you other members of the family. They are the following:

Name	Gender	Age	Relation to SC	Current Activity	Health Condition
------	--------	-----	----------------	------------------	------------------

Bryan Realino	Male	34	Father	Construction Worker	Good Health
Riza Realino	Female	30	Mother	Housewife	Good Health
Rhian Mae Realino	Female	8	Sister	Student	Good Health
Rihanna Realino	Female	3	Sister	Student	Good Health
Bryan Realino Jr.	Male	2	Brother		Good Health

Nicole has been in the area for 6 years now. They are living in rental house which costs \$31 monthly. The house is built with G.I Sheets for the roof, cemented walls and cemented floorings that needs repair. It has 1 multipurpose room with 1 window. They use electricity as source of light. The family is able to eat three meals a day with rice, fish and vegetables being the usual combination. They get their water from pipe which they shared with their neighbor and use gas stove for cooking. The family uses their own water sealed toilet and their household garbage is disposed of through government waste disposal system.

Like any other Filipino family, the Realino family wishes to improve their quality of life. The parents dream of having the child's complete education, enjoy good health, have a clean and orderly house and most importantly, increase their income.

PSBP, together with the community, implements programs in health, education and psycho-social development and protection that benefit the children, their families and communities in the area. We hope that through the PSBP sponsorship program, the Realino family could take part in our programs.

The sponsorship assistance that the PSBP could provide would greatly support Nicole's education and her family as well. PSBP is committed in helping the children achieve their full potential, build better lives through its various programs.

Nicole and her parents look forward to communicating with you in the future to share special and important events of the family.

We hope that you find this new partnership meaningful and rewarding.

Very truly yours,
