Dear Sponsor,

On behalf of Pearl S. Buck Foundation-Philippines, Inc. (PSBP), I am pleased to introduce John Nielson Verzosa and his family. Bonel as his nickname was born on 24 April 2014 he is now 7 years old.

Bonel is an active and healthy grade 1 student at Mabiga Elementary School, a government owned school which is located 1.8 kilometers from his residence. He walks, rides a jeepney and tricycle from his residence going to and from his school. He is an average student and dreams of becoming an Engineer someday.

Bonel loves to play hide-and-seek, race and other outdoor activities with his friends in the neighborhood but due to pandemic he only stays at home to play for now. He also enjoys drawing, dancing and watching TV. At home, he helps in sweeping the backyard and running simple errands.

Bonel is living with his parents. His father Dionisio Verzosa, 43 years old, works as a truck driver and earns \$158 monthly. His mother, Aileen Verzosa, 42 years old is a housewife. His father's income usually spent on food, utilities and education. We would like to introduce to you the other members of the family. They are the following:

Bonel has been in the area for 7 years now. They are living in a house shared with other relatives. The house is built with G.I Sheets for the roof, cemented walls and cement floorings that is in good condition. It has 2 rooms with 5 windows. They use electricity as source of light. The family is able to eat three meals a day with rice, fish and vegetables being the usual combination. They get their water from their own water pipe and use gas stove for cooking. The family uses their own water sealed toilet and their household garbage is disposed through government disposal system.

Like any other Filipino family, the Verzosa family wishes to improve their quality of life. The parents dream of having the child's complete education, enjoy good health, have a clean and orderly house and most importantly, increase their income.

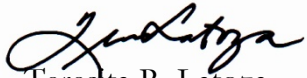

PSBP, together with the community, implements programs in health, education and psychosocial development and protection that benefit the children, their families and communities in the area. We hope that through the PSBP sponsorship program, the Verzosa family could take part in our programs.

The sponsorship assistance that the PSBP could provide would greatly support Bonel's education and his family as well. PSBP is committed in helping the children achieve their full potential, build better lives through its various programs.

Bonel and his parents look forward to communicating with you in the future to share special and important events of the family.

We hope that you find this new partnership meaningful and rewarding.

Very truly yours,
