Dear Sponsor,

On behalf of Pearl S. Buck Foundation-Philippines, Inc. (PSBP), I am pleased to introduce Kris Lhiyam Monje and his family. Lhiyam was born on 23 November 2012 he is now 8 years old.

Lhiyam is an active and healthy grade 2 student at Mangan-vaca Elementary School, a government owned school which is located 1 kilometer from his residence. He rides a tricycle from his residence going to and from his school. He is an average student and dreams of becoming a civil engineer someday.

Lhiyam loves to play basketball, tumbang preso and other outdoor activities with his friends in the neighborhood but due to pandemic he only stays at home to play for now. He also enjoys drawing. At home, he helps in washing the dishes, cleaning the house and running simple errands.

Lhiyam is living with his parents. His father, Jeffrey Monje, 29 years old, works as a Merchandiser and earns \$198 monthly. His mother, Kristine Monje, 26 years old is a housewife. His father's income usually spent on food, utilities and education. We would like to introduce to you the other members of the family. They are the following:

Name	Gender	Age	Relation to SC	Current Activity	Health Condition
Jeffrey Monje	Male	29	Father	Merchandiser	Good Health

Kristine Monje	Female	26	Mother	Housewife	Good Health
Kriszian Louvell Monje	Male	4	Brother		Good Health

Lhiyam has been in the area for 8 years now. They are living in their own house. The house is built with metal G.I. sheets for the roof, cemented walls and cement floorings that is in good condition. It has 1 room with 3 windows. They use electricity as source of light. The family is able to eat three meals a day with rice, fish and vegetables being the usual combination. They get their water from their own water pipe and use gas stove for cooking. The family uses their own water sealed toilet and their household garbage is disposed through government disposal system.

Like any other Filipino family, the Monje family wishes to improve their quality of life. The parents dream of having the child's complete education, enjoy good health, have a clean and orderly house and most importantly, increase their income.

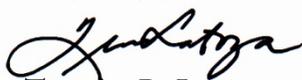

PSBP, together with the community, implements programs in health, education and psycho-social development and protection that benefit the children, their families and communities in the area. We hope that through the PSBP sponsorship program, the Monje family could take part in our programs.

The sponsorship assistance that the PSBP could provide would greatly support Lhiyam's education and his family as well. PSBP is committed in helping the children achieve their full potential, build better lives through its various programs.

Lhiyam and his parents look forward to communicating with you in the future to share special and important events of the family.

We hope that you find this new partnership meaningful and rewarding.

Very truly yours,

Teresita R. Latoza
