Family History

I was staying with both of my parents. One day my dad went to look for food, and he never came back. That was six years ago. My mom has been left to care for me and my siblings. She does not have a reliable job and works when she is able to find casual jobs. It is very difficult for her to provide for us, even food. I am very thankful for the opportunity to live at Ogada Children's Home. I am safe and able to attend school regularly. I am in 4th grade.
