Family History

My life was difficult even before my parents died, then it got worse. Both of my parents passed away 3 years ago. They died from AIDS. My brothers and I were left with my aunt. However, she has her own children and their father is not around. It is very difficult for her to care for all of us. She has a small vegetable business but it does not generate enough income to live on. I was not able to go to school consistently. I am thankful for the opportunity to live at Ogada Children's Home. I am safe, cared for and able to attend school. I am in 6th grade.
