Family History

I live with my mom. My father never supported my mom after I was born. She does not know where he is living now. My mom is HIV positive. She struggles to take care of herself and me as well. The only income we get is when she is able to work in someone's farm or washing laundry for someone. It is very difficult. I am thankful for the opportunity to live at Ogada Children's Home. I can go to school now. I am in 2nd grade. This also gives my mom hope that I will thrive in life.
