District : City of San Jose del Monte  
Community : Pabahay Resettlement  
Nationality : Filipino

Dear Sponsor,

On behalf of Pearl S. Buck Foundation-Philippines, Inc. (PSBP), I am pleased to introduce Ericson James David and his family. Born on March 22 2014, he is now an active 8 year old boy. They call him Ej as his nickname.

Ej is in good health and did not suffer any major illness this past year. He is an active 2nd grader student at Muzon Pabahay Elementary School, a government school located 200 meters from their residence. He walks in going to and from his school but due to pandemic they are using modular and online learning method in their schooling. He is an average student and dreams of becoming a Doctor someday.

As a young child, Ej loves to play. He is fond of playing volleyball, patintero and other outdoor activities with his friends in the neighborhood. Some of his favorite hobbies are drawing and reading. More than just enjoying his childhood through playing and doing his recreational activities, he helps in the daily household chores as well, like cleaning the house and running errands during his spare time.

Ej lives with his Family. His father Eric David, 51 years old, works as a Helper in Trucking Transport and earns \$120 a month which is usually spent on basic necessities like food, education, utilities and medicines. While his mother stays at home taking care of the family. I would like to introduce to you the other members of the family:

Name	Gender	Age	Relation to SC	Health Condition	Current Activity
Roselily David	Female	49	Mother	Good Health	Housewife
Rotcher David	Male	27	Brother	Good Health	Student
Roselle David	Female	28	Sister	Good Health	Student

Mica Angela David	Female	22	Sister	Good Health	Student
Rosemarie David	Female	19	Sister	Good Health	Student
Rose Anne David	Female	15	Sister	Good Health	Student

The family has been in the area for more than 8 years now. They own the house under the property of the government. Their house is built with G.I Sheets for the roof and cement for the floor and walls and in needs of repair. It has 1 room and 2 windows which provide for the ventilation of the house. They are privileged to be provided with the basic utilities like electricity and water supply. The family eats three meals a day with rice, fish and vegetables being the usual combination. They get their water from piped water (gripa) which they owned and use a butane stove for cooking. The family uses a water-sealed type of toilet and their household garbage is disposed of through government waste disposal system.

Like any other Filipino family, the David family wishes to improve their quality of life. The parents dream of having their children complete their education, enjoy good health, have a clean and orderly house and most importantly, increase their income.

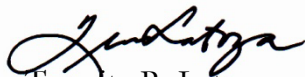

PSBP, together with the community, has implemented programs in health, education and psycho-social development and protection that benefit the children, their families and communities. We hope that the David family will be a part of our programs.

Ej and his family need assistance and your sponsorship will usher in new hope and confidence in the family as they work together for a brighter future. PSBP commits to facilitate a development process for the family so they may achieve lasting improvement in their lives.

Ej and his family look forward to communicating with you in English to share important family events in the future.

We hope that you find this new partnership meaningful and rewarding.

Very truly yours,

Teresita R. Latoza  
Executive Director
