District : Olongapo
Community : Olongapo City Wide
Nationality : Filipino

Dear Sponsor,

On behalf of Pearl S. Buck Foundation-Philippines, Inc. (PSBP), I am pleased to introduce John Angelo Bronil and his family. Born on November 30 2006, he is now an active 15 year old boy. They call him Gelo as his nickname.

Gelo is in good health and did not suffer any major illness this past year. He is an active 9th grader student at Olongapo City National High School, a government school located 1 kilometer from their residence. He rides a jeep in going to and from his school but due to pandemic they are using modular and online learning method in their schooling. His performance in school is excellent. He dreams of becoming an Astrophysicist someday.

As a young child, Gelo loves to play. He likes to play computer games with his friends. Some of his favorite hobbies are drawing and reading. More than just enjoying his childhood through playing and doing his recreational activities, he helps in the daily household chores as well like cooking the house and running errands during his spare time.

Gelo lives with his Family. His Mother, Carmelita Bronil, 53 years old, works as a VAWC officer and earns \$85 a month which is usually spent on basic necessities like food, education, utilities and medicines. While his father past away last 2016 due to different complications. I would like to introduce to you the other members of the family:

Name	Gender	Age	Relation to SC	Health Condition	Current Activity
Carmelita Bronil	Female	53	Mother	Good Health	VAWC
Debiemel Bronil	Female	24	Sister	Good Health	Teacher

The family has been in the area for more than 15 years now. They borrowed a house from his paternal Grandfather and the land where their house is built on. Their house is built with G.I Sheets for the roof and cement for the floor and walls and in needs of repair. It has 1 bedroom and 3 windows which provide for the ventilation of the house. They are privileged to be provided with the basic utilities like electricity and water supply. The family eats three meals a day with rice, fish and vegetables being the usual combination. They get their water from piped water (gripa) which they owned and use a butane stove for cooking. The family uses a water-sealed type of toilet and their household garbage is disposed of through government waste disposal system.

Like any other Filipino family, the Bronil family wishes to improve their quality of life. The parents dream of having their children complete their education, enjoy good health, have a clean and orderly house and most importantly, increase their income.

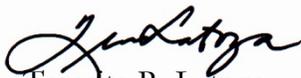

PSBP, together with the community, has implemented programs in health, education and psycho-social development and protection that benefit the children, their families and communities. We hope that the Arenas family will be a part of our programs.

Gelo and his family need assistance and your sponsorship will usher in new hope and confidence in the family as they work together for a brighter future. PSBP commits to facilitate a development process for the family so they may achieve lasting improvement in their lives.

Gelo and his mother look forward to communicating with you in English to share important family events in the future.

We hope that you find this new partnership meaningful and rewarding.

Very truly yours,

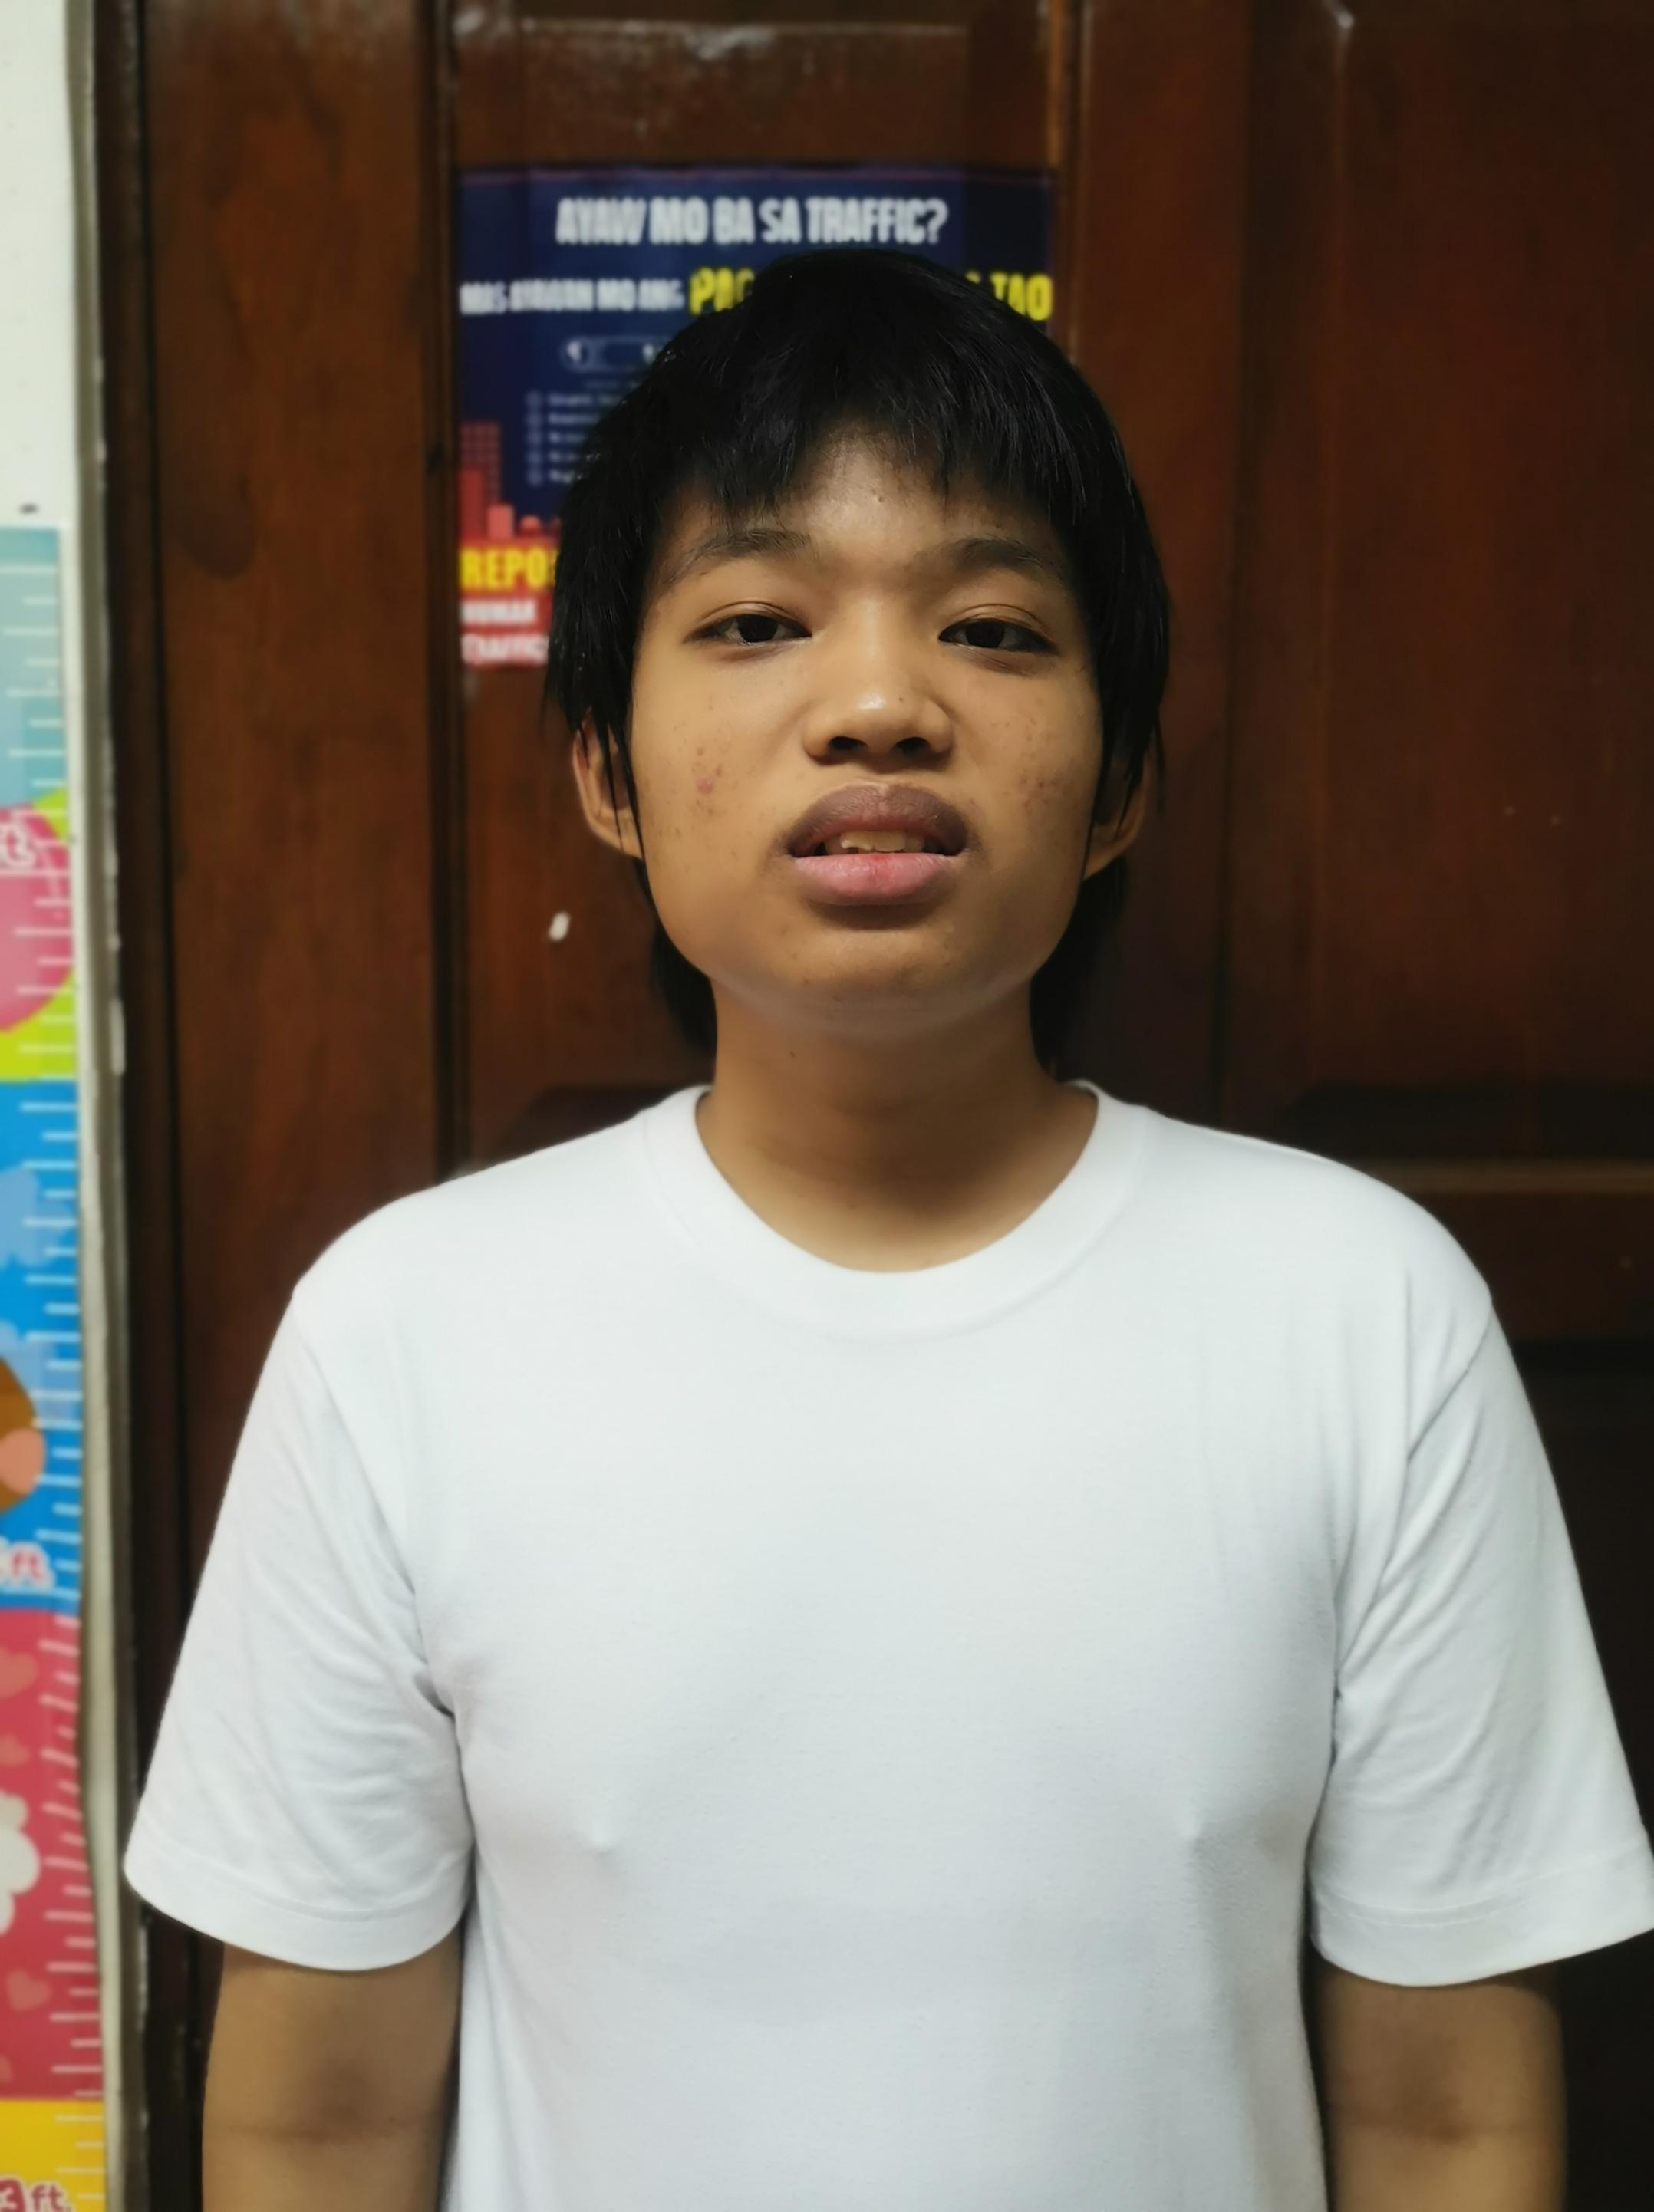

Teresita R. Latoza
Executive Director
