Dear Sponsor,

On behalf of Pearl S. Buck Foundation-Philippines, Inc. (PSBP), I am pleased to introduce Timothy John Ebabao and his family. Born on January 17 2013, he is now an active 9 year old boy. They call him TJ as his nickname.

TJ is in good health and did not suffer any major illness this past year. He is an active 3rd grader student at Benito Nieto Elementary School, a government school located 2 kilometers from their residence. He rides a tricycle in going to and from his school but due to pandemic they are using modular and online learning method in their schooling. He is an average student and dreams of becoming a Seaman someday.

As a young child, TJ loves to play. He is fond of playing basketball, patintero and other outdoor activities with his friends in the neighborhood. Some of his favorite hobbies are reading, drawing and gardening. More than just enjoying his childhood through playing and doing his recreational activities, he helps in the daily household chores as well, like cleaning the house, washing dishes and running errands during his spare time.

TJ lives with his family. His father Ronald Ebabao, 31 years old, works as a Construction Worker and earns \$60 a month which is usually spent on basic necessities like food, education, utilities and medicines. While his Mother stays at home taking care of the family. I would like to introduce to you the other members of the family:

Name	Gender	Age	Relation to SC	Health Condition	Current Activity
Judilyn Ebabao	Female	29	Mother	Good Health	Housewife
Xian Calib Ebabao	Male	2	Brother	Good Health	N/A
Calvin Ebabao	Male	6	Brother	Good Health	Student

Kiara Chellsie Ebabao	Female	1	Sister	Good Health	N/A
Ramilito Ebabao	Male	16	Uncle	Good Health	Student
Arlan Ebabao	Male	23	Uncle	Good Health	Security Guard

The family has been in the area for more than 9 years now. They are living together with their relatives. Their house is built with G.I Sheets for the roof and cement for the floor and walls and in good condition. It has 1 room and 1 window which provide for the ventilation of the house. They are privileged to be provided with the basic utilities like electricity and water supply. The family eats three meals a day with rice, fish and vegetables being the usual combination. They get their water from piped water (gripa) which they owned and use a butane stove for cooking. The family uses a water-sealed type of toilet and their household garbage is disposed of through government waste disposal system.

Like any other Filipino family, the Ebabao family wishes to improve their quality of life. The parents dream of having their children complete their education, enjoy good health, have a clean and orderly house and most importantly, increase their income.

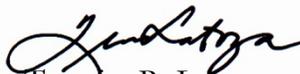

PSBP, together with the community, has implemented programs in health, education and psycho-social development and protection that benefit the children, their families and communities. We hope that the Ebabao family will be a part of our programs.

TJ and his family need assistance and your sponsorship will usher in new hope and confidence in the family as they work together for a brighter future. PSBP commits to facilitate a development process for the family so they may achieve lasting improvement in their lives.

TJ and his family look forward to communicating with you in English to share important family events in the future.

We hope that you find this new partnership meaningful and rewarding.

Very truly yours,

Teresita R. Latoza
