

FAMILY INTRODUCTION SHEET from THE PHILIPPINES

Date : August 22, 2022
Area : 14-05-7725
Province : Leyte
District : Ormoc
Community : Lao Resettlement
Nationality : Filipino

Dear Sponsor,

On behalf of Pearl S. Buck Foundation-Philippines, Inc. (PSBP), I am pleased to introduce Jerald G. Perez and his family. Born on May 13, 2013, he is now an active 9 year old boy. They call him Jerald as his nickname.

Jerald is in good health and did not suffer any major illness this past year. He is an active 4th grader student at Jica Lao Elementary School, a government school located 500 meters from their residence. He walks in going to and from his school. He is an average student and dreams of becoming a Policeman someday.

As a young child, Jerald loves to play. He is fond of playing basketball, race, hide-and-seek and other outdoor activities with his friends in the neighborhood. Some of his favorite hobby is watching television. More than just enjoying his childhood through playing and doing his recreational activities, he helps in the daily household chores as well, like washing the dishes and cooking during his spare time.

Jerald lives with his grandmother because his mother is no longer living. His father, John Boy Perez, 35 years old, works as a Family Driver and earns \$100 a month to support the family which is usually spent on basic necessities like food, education, utilities and medicines. I would like to introduce to you the other members of the family:

Name	Gender	Age	Relation to SC	Health Condition	Current Activity
Adezaida Perez	Female	78	Grand Mother	Good Health	N/A
Finz Zyka Perez	Female	20	Cousin	Good Health	Student
Jorenz Perez	Male	11	Brother	Good Health	Student

The family has been in the area for more than 9 years now. They live together with his relatives. Their house is built G.I. sheets for the roof and cemented floor and walls and in good condition. It has 2 rooms and 4 windows which provide for the ventilation of the house. They are privileged to be provided with the basic utilities like electricity and water supply. The family eats three meals a day with rice, fish and vegetables being the usual combination. They get their water from piped water (gripa) which they owned and use firewood/gas stove for cooking. The family uses a water-sealed type of toilet and their household garbage is disposed of through government waste disposal system.

Like any other Filipino family, the Perez family wishes to improve their quality of life. The parent dream of having their children complete their education, enjoy good health, have a clean and orderly house and most importantly, increase their income.

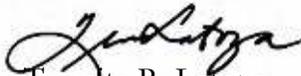

PSBP, together with the community, has implemented programs in health, education and psycho-social development and protection that benefit the children, their families and communities. We hope that the Perez family will be a part of our programs.

Jerald and his family need assistance and your sponsorship will usher in new hope and confidence in the family as they work together for a brighter future. PSBP commits to facilitate a development process for the family so they may achieve lasting improvement in their lives.

Jerald and his family look forward to communicating with you in English to share important family events in the future.

We hope that you find this new partnership meaningful and rewarding.

Very truly yours,

Teresita R. Latoza
Executive Director
