### **Hobbies and interests:**

I enjoy skateboarding. When I stand on the skateboard, I can forget all my troubles. It can exercise my body and adjust your balance. when I have a rest I like to watch films. Suspense movies are my favorite. I also like the animation. What I like most is *Death note*. It tells a wonderful case solving story. Another hobby of mine is painting. I can make a sketch and draw a Chinese painting.

### **Plans for the future:**

Now I am a high school student. I will spare no effort to study in the next three years. Modestly study to teacher and schoolmates. I hope I can achieve excellent results in the future. My target university is Zhejiang University. I expect to have the opportunity to study there.

### **About my family:**

my grandparents live with us together. My grandparents take good care of me and they always support me unconditionally. They have helped me a lot in my life and study. My mom is a real estate seller. She works hard all day. Although she doesn't live with me, she often buys something for me.

**Monthly earnings:** My mother earns 3000 yuan per month.
