Nationality : Filipino

Dear Sponsor,

On behalf of Pearl S. Buck Foundation-Philippines, Inc. (PSBP), I am pleased to introduce Prince Euri E. Mariano and his family. Born on January 27, 2011, he is now an active 11-year-old boy. They call him Euri as his nickname.

Euri is in good health and did not suffer any major illness this past year. He is an active 6th grader student at M. Nepomuceno Elementary School, a government school located 250 meters from their residence. He walks in going to and from his school. He is an excellent student and dreams of becoming a Civil Engineer someday.

As a young child, Euri loves to play. He is fond of playing race, hide-and-seek, computer games and other outdoor activities with his friends in the neighborhood. Some of his favorite hobbies are watching television, singing, drawing and reading. More than just enjoying his childhood through playing and doing his recreational activities, he helps in the daily household chores as well, like washing the dishes and baby-sitting, cleaning the house and running simple errands during his spare time.

Euri lives with his family. His father, Marlon Mariano, 32 years old, works as a Tricycle Driver and earns \$96 a month while her mother also works as a House Helper to increase their income which is usually spent on basic necessities like food, education, utilities and medicines. I would like to introduce to you the other members of the family:

Name	Gender	Age	Relation to SC	Health Condition	Current Activity
Mary Joy Eneria	Female	29	Mother	Good Health	House Helper
Juan Carlo Mariano	Male	6	Brother	Good Health	Student

Alma Mariano	Female	59	Grand Mother	Good Health	N/A
Danilo Mariano	Male	54	Grand Father	Good Health	Care Taker
Anthony Mariano	Male	22	Uncle	Good Health	N/A
Marvin Mariano	Male	24	Uncle	Good Health	Factory Worker

The family has been in the area for more than 11 years now. They live together with their grandparents. Their house is built G.I. sheets for the roof and cemented floor and walls and in needs of repair. It has 2 rooms and 4 windows which provide for the ventilation of the house. They are privileged to be provided with the basic utilities like electricity and water supply. The family eats three meals a day with rice, fish and vegetables being the usual combination. They get their water from piped water (gripa) and use gas stove for cooking. The family uses a water-sealed type of toilet and their household garbage is disposed of through government waste disposal system.

Like any other Filipino family, the Mariano family wishes to improve their quality of life. The parent dream of having their children complete their education, enjoy good health, have a clean and orderly house and most importantly, increase their income.

PSBP, together with the community, has implemented programs in health, education and psycho-social development and protection that benefit the children, their families and communities. We hope that the Mariano family will be a part of our programs.

Euri and his family need assistance and your sponsorship will usher in new hope and confidence in the family as they work together for a brighter future. PSBP commits to facilitate a development process for the family so they may achieve lasting improvement in their lives.

Euri and his family look forward to communicating with you in English to share important family events in the future.

We hope that you find this new partnership meaningful and rewarding.

Very truly yours,

Teresita R. Latoza
Executive Director

Prince Euri E. Mariano
