Hobbies and/or interests:

I like painting best. I can draw it very well. I often draw in free time. I really like to watch comics. There are many comic books in my room. I think comics is a subject worth studying. I can play table tennis and badminton. I began learning them in my elementary school. Usually I will go to watch English films because my English is not good. I want to learn more and improve it.

Any special talent:

I like math very much. I think it is mysterious. I am interested in it when I was young. I can think about the topic of math is very fast. and i am willing to try many times. It is my talent.

Future goals and/or college degree they want to earn:

In the next three years, I will study hard. Listen more than the teachers' suggestions. That will have a great help to my future. My weakest discipline is English. I must enter a university. Let them be proud of me.

Paragraph about the family:

My father and mother work abroad. I miss them very much. I know that they are so tired to give me a better learning environment, so I have to work hard to learn and return them. I hope they can often come back to accompany me.do not be too tired.

Monthly earnings:My parents earns 6000 yuan per month.
