Dear Sponsor,

On behalf of Pearl S. Buck Foundation-Philippines, Inc. (PSBP), I am pleased to introduce John Mark Ronquillo and his family. Born on January 01 2009, he is now an active 13 year old boy. They call him JM as his nickname.

JM is in good health and did not suffer any major illness this past year. He is an active 4th grader student at Linao Central School, a government school located 500 meters from their residence. He walks in going to and from his school but due to pandemic they are using modular and online learning method in their schooling. He is an average student and dreams of becoming a Seaman someday.

As a young child, JM loves to play. He is fond of playing basketball, race, hide-and-seek and other outdoor activities with his friends in the neighborhood. Some of his favorite hobbies are drawing and gardening. More than just enjoying his childhood through playing and doing his recreational activities, he helps in the daily household chores as well, like cleaning the house and running errands during his spare time.

JM lives with his Family. His father Eparaim Ronquillo, 43 years old, works as a on-call Carpenter and earns \$70 per call which is usually spent on basic necessities like food, education, utilities and medicines. I would like to introduce to you the other members of the family:

Josefa Ronquillo	Female	50	Mother	Good Health	Housewife

Jun Rey Ronquillo	Male	15	Brother	Good Health	Student
Cherry Moral	Female	23	Sister-in-law	Good Health	Cashier

The family has been in the area for more than 13 years now. They own the house and the land. Their house is built with G.I Sheets for the roof and cement for the floor and walls and in good condition. It has 3 bedrooms and 4 windows which provide for the ventilation of the house. They are privileged to be provided with the basic utilities like electricity and water supply. The family eats three meals a day with rice, fish and vegetables being the usual combination. They get their water from piped water (gripa) which they owned and use a firewood for cooking. The family uses a water-sealed type of toilet and their household garbage is disposed of through government waste disposal system.

Like any other Filipino family, the Ronquillo family wishes to improve their quality of life. The parents dream of having their children complete their education, enjoy good health, have a clean and orderly house and most importantly, increase their income.

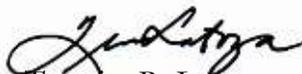

PSBP, together with the community, has implemented programs in health, education and psycho-social development and protection that benefit the children, their families and communities. We hope that the Ronquillo family will be a part of our programs.

JM and his family need assistance and your sponsorship will usher in new hope and confidence in the family as they work together for a brighter future. PSBP commits to facilitate a development process for the family so they may achieve lasting improvement in their lives.

JM and his family look forward to communicating with you in English to share important family events in the future.

We hope that you find this new partnership meaningful and rewarding.

Very truly yours,

Teresita R. Latoza
