Dear Sponsor,

On behalf of Pearl S. Buck Foundation-Philippines, Inc. (PSBP), I am pleased to introduce Ariane Mae M. Porras and her family. Born on May 2 2007, she is now an active 15-year-old girl. They call her Yan as his nickname.

Yan is in good health and did not suffer any major illness this past year. She is an active 9th grader student at Gordon Heights National High School Subic, a government school located 1 kilometer from their residence. She rides a tricycle in going to and from her school. Her performance in school is above average. She dreams of becoming a Teacher someday.

As a young child, Yan loves to play. She likes to play volleyball, hide-and-seek, piko with her friends. Some of her favorite hobby is watching, reading and gardening. More than just enjoying her childhood through playing and doing her recreational activities, she helps in the daily household chores as well like washing the dishes and running errands during her spare time.

Yan lives with her Family. Her Brother, Allen Jayson Porras, 21 years old, works as a Part Time-Labor and earns \$90 a month. Her mother stays at home to take care the needs of the family while her father is no longer living. Their earnings are usually spent on basic necessities like food, education, utilities and medicines. I would like to introduce to you the other members of the family:

Name	Sex	Age	Relation to SC	Current Activity	Health Condition
Alma Porras	Female	45	Mother	Housewife	Hypertensive

Aeron Justin Porras	Male	17	Brother	Student	Good Health
Alliyah Marie Porras	Female	13	Sister	Student	Good Health
Angelica Porras	Female	8	Sister	Student	Good Health
Alexander Porras	Male	5	Brother	Student	Good Health

The family has been in the area for more than 15 years now. They live in their own house together. Their house is built with G.I Sheets for the roof and wall and cement for the floor and in needs of repair. It has 1 multi-purpose room and window which provide for the ventilation of the house. They are privileged to be provided with the basic utilities like electricity and water supply. The family eats three meals a day with rice, fish and vegetables being the usual combination. They get their water from a piped water (gripa) which they owned and use firewood for cooking. The family uses a water-sealed type of toilet and their household garbage is disposed of through government waste disposal system.

Like any other Filipino family, the Porras family wishes to improve their quality of life. The parents dream of having their children complete their education, enjoy good health, have a clean and orderly house and most importantly, increase their income.

PSBP, together with the community, has implemented programs in health, education and psycho-social development and protection that benefit the children, their families and communities. We hope that the Porras family will be a part of our programs.

Yan and her family need assistance and your sponsorship will usher in new hope and confidence in the family as they work together for a brighter future. PSBP commits to facilitate a development process for the family so they may achieve lasting improvement in their lives.

Yan and her family look forward to communicating with you in English to share important family events in the future.

We hope that you find this new partnership meaningful and rewarding.

Very truly yours,

Teresita R. Latoza
