Dear Sponsor,

On behalf of Pearl S. Buck Foundation-Philippines, Inc. (PSBP), I am pleased to introduce Isabella Marie D. Fial and her family. Born on July 9 2013, she is now an active 9-year-old girl. They call her Bella as her nickname.

Bella is in good health and did not suffer any major illness this past year. She is an active 4th grader student at Muzon Pabahay Elementary School, a government school located 300 meters from their residence. She walks in going to and from her school. Her performance in school is excellent. She dreams of becoming a Teacher someday.

As a young child, Bella loves to play. She likes to play chinese-garter, race, piko with her friends. Some of her favorite hobby is drawing and singing. More than just enjoying his childhood through playing and doing his recreational activities, she helps in the daily household chores as well like washing dishes, cleaning the house and running errands during her spare time.

Bella lives with her Family. Her Father, Restituto Fial, 45 years old, works as a Seaman and earns \$290 a month while her mother stays at home to take care the needs of the family. Their earnings are usually spent on basic necessities like food, education, utilities and medicines. I would like to introduce to you the other members of the family:

Name	Sex	Age	Relation to SC	Current Activity	Health Condition
Flordeliz Fial	Female	37	Mother	Housewife	Good Health

Neo Christopher Fial	Male	11	Brother	Student	Good Health
Emmanuel Fial	Male	7	Brother	Student	Good Health

The family has been in the area for more than 9 years now. They live in their owned house provided by the government. Their house is built with G.I Sheets for the roof and cement for the floor and walls and in needs of repair. It has 1 multi-purpose room and 1 window which provide for the ventilation of the house. They are privileged to be provided with the basic utilities like electricity and water supply. The family eats three meals a day with rice, fish and vegetables being the usual combination. They get their water from the piped (gripa) and use a gas stove for cooking. The family uses a water-sealed type of toilet and their household garbage is disposed of through government waste disposal system.

Like any other Filipino family, the Fial family wishes to improve their quality of life. The parents dream of having their children complete their education, enjoy good health, have a clean and orderly house and most importantly, increase their income.

PSBP, together with the community, has implemented programs in health, education and psycho-social development and protection that benefit the children, their families and communities. We hope that the Fial family will be a part of our programs.

Bella and her family need assistance and your sponsorship will usher in new hope and confidence in the family as they work together for a brighter future. PSBP commits to facilitate a development process for the family so they may achieve lasting improvement in their lives.

Bella and her family look forward to communicating with you in English to share important family events in the future.

We hope that you find this new partnership meaningful and rewarding.

Very truly yours,

Teresita R. Latoza
