

Your guide to sponsoring a child in Kenya

Our treasure is in our children, for in them is our future.

Pearl S. BuckAuthor, Humanitarian, Activist

Welcome

Thank you for beginning your journey as a child sponsor through Pearl S. Buck International.

As a child sponsor, you are becoming part of the legacy of Pearl S. Buck. She founded this organization to, in her exact words, "address the issues of poverty and discrimination".

Ms. Buck was a staunch advocate for children in need and helping the most vulnerable ones was a cause close to her heart. She would never stand by when any child was treated poorly simply because of the circumstances of his or her birth—and neither will you. While the cost to you is less than a dollar a day, the benefits to your sponsored child, his or her family, and future generations are priceless.

Your gift provides your sponsored child with life-changing healthcare, nutrition, and education. Most of the sponsored children in our program go on to complete their education, become self-sufficient, and break the cycle of poverty that has plagued their families.

Through your support, however, you are providing more than just food, healthcare, and education—you are providing hope. You are providing a future.

With heartfelt appreciation,

Stephanie Saveriano International Programs Director Pearl S. Buck International

About Kenya

Language

KiSwahili and English are the official languages.

Religion

Christianity (majority), Indigenous Religions, and Muslim

Major Urban Areas

Nairobi (capital), Mombasa, Kisumu

History

Kenya has a rich and complex history. Arabs settled the area around 600AD to establish trading with the Arab world, Persia, and India. Kenya was later ruled by the British until the mid 20th century when a group called the Mau Mau rose up against the British government demanding independence. In 1963, Kenya gained its independence from Britain and became a sovereign nation.

Geography

The geography of Kenya is quite diverse including coastal lands, swamps, forests, broad plains, valleys and mountains. Kenya is on the east coast of equatorial Africa and shares a border with Sudan, Ethiopia, Somalia, Tanzania, Uganda, and the Indian Ocean.

Livelihood

Agriculture is the main source of livelihood with corn and wheat being the main crops. Tea, fresh flowers, sisal, cotton, and fruits and vegetables are also important cash crops. Kenya is also the world's majority supplier of pyrethrum, a flower used to make the pesticide pyrethrin.

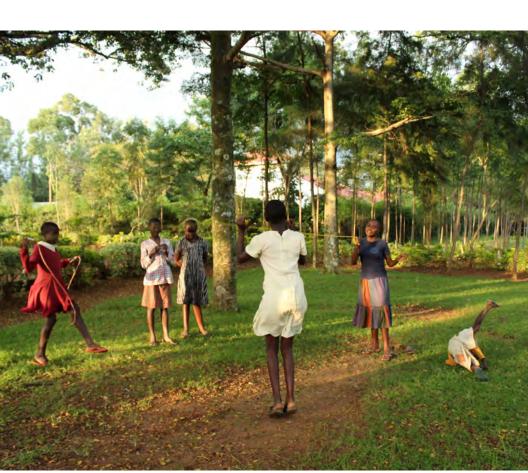

Where Pearl S. Buck International Works in Kenya

Kisumu

• Ogada Children's Home

Ogada is an area that is primarily occupied by the Luo tribe. It is just outside of Kisumu, the third largest city in Kenya. Kisumu is on Lake Victoria where fishing is a main livelihood.

The children who live at Ogada either are orphans or their parents are unable to care for them. At Ogada, the child is given the tools they need, like a good education, to be successful.

The History of Pearl S. Buck International in Kenya

In 2020, Pearl S. Buck International partnered with Chariots for Hope, a United States based 501(c)(3) non-profit organization, to help improve the lives of children who live in orphanages in Kenya, specifically the Ogada Children's Home in Kisumu.

Child Sponsorship in Kenya not only supports the costs for educating all students living in the Ogada Children's Home but provides them with a nurturing and safe environment that fosters physical and emotional growth by giving the children much needed healthcare, nutritious meals, and emotional support.

Pearl S. Buck International's Services in Kenya

Education is a powerful tool for Kenyan children as they develop into impactful citizens and leaders, ready to change their communities. Education in Kenya is a privilege as most children in the local villages will never have the opportunity to go to school.

Education starts in nursery school at the age of 3 or 4 and continue through primary school up to 8th grade. By the time they are in 3rd grade, most our children will be trilingual. They will know their tribal language, Swahili, and English.

Each fall, 8th grade students take placement exams for the opportunity to continue their education. Children who score high enough on the exam are eligible to attend secondary school, otherwise known as High School.

Funding through the Child Sponsorship Program supports the cost of tuition and fees, books, and other school related expenses for the students.

Communications from Your Sponsored Child

First Communication

The Family Greeting Letter (marked fg l) is the first communication from your new sponsored child. You should receive this within one to two months of starting sponsorship, based on how remote the child's residence is.

From Your Sponsored Child

Each year, your sponsored child will send you at least two communications. A third communication will be included if your child is between the ages of 5 and 12 years. Parents, guardians, or case workers will help younger children write their letters which will be translated into English and marked with the code that corresponds to the type of communication.

- **1.** Family letter #1 (marked fl #1) is a letter sent in the first half of the year.
- **2.** Family letter #2 (marked fl #2) is a letter sent in the second half of the year. Please note that if your sponsorship starts in the second half of the year, the first Family Letter you receive will be marked fl #2 to coordinate with this schedule, not the number you've received.
- **3.** If your sponsor child is between 5 and 12 years of age, they also will send you one non-verbal communication (marked nvc) in the form of a drawing or handmade greeting of their own, once a year.

Other Communications

Once a year, the Executive Director of the affiliate country office will compile a family journal which will contain updates on your sponsored child, their family, and the programs in which your sponsored child participates. An updated photo will be included.

Please note that due to language and cultural difference, some children may start letters by introducing themselves. They haven't forgotten you. It is simply their style of letter writing.

How to Write to Your Sponsored Child

Writing to your sponsored child will build a special relationship with him or her. You may send letters whenever you wish. How often you write is up to you.

Important information about writing to your sponsored child

We are very protective of your rights and those of your sponsored child. Please do not include your last name, address, phone number, e-mail address, or social media accounts in your letter. All communications are required to come through the child sponsorship office to ensure all messages are appropriate. If your sponsored child or their family members attempt to contact your directly through social media, please do not respond and notify Pearl S. Buck International Child Sponsorship Manager.

To reduce delays in processing, all letters should include:

- Sponsored child's name
- Sponsored child's ID number
- Your sponsor number

Tips for writing

Share about yourself and your family.

Your child will enjoy learning about you as well as your family, pets, traditions, and interests.

Offer encouragement and guidance.

Your letters of support and encouragement as well as interest in your sponsored child's well-being, education, family, and hardships will be greatly appreciated.

Ask questions.

Your child will look forward to responding to specific questions. However, keep in mind that your sponsored child may be shy.

Pearl S. Buck International periodically offers group tours to its program countries. In addition to meeting your sponsored child on these trips, you will also learn more about the programs and the culture of the region. For more information about upcoming tours, go to www.pearlsbuck.org/cultural-trips. If you would like to independently travel to visit your sponsored child, Pearl S. Buck International will facilitate a supervised meeting with your child. Coordination of your visit must be made at least two (preferably three) months prior to the trip. All child sponsor meetings require staff supervision. For more information, email ssaveriano@pearlsbuck.org or call 215-249-0100 x142.

When Sponsored Children Leave the Program

Occasionally, transitions in the life of your sponsored child occur during the course of your sponsorship. The lifestyles of the children and families served are very different from those of children in the U.S.. Change in their lives is a common occurrence. Sometimes a child may need to leave school, move with their family to another area, or the family may be affected by a natural disaster, such as a flood destroying their dwelling or livelihood.

At other times, the change can be a positive one, such as when the child graduates from school or the child or family become financially able to take care of themselves. When a sponsored child reaches the age of 18 and/or at the time of their high school graduation, they will graduate from the child sponsorship program. However, if your sponsored child has the potential to continue their education beyond high school and you have the capacity to financially support this, Pearl S. Buck International will help facilitate the process.

Please remember that the goal of the program is to help the child and their family to become self-sufficient.

We understand the difficult nature of these transitions after you have developed a relationship with your sponsored child. If your sponsored child must leave the program due to a life change, you will be notified as soon as possible. Any information obtained from the overseas affiliates will be shared with you. You will be given the opportunity to continue your support with a new child.

Contact the Child Sponsorship Department with any concerns or requests at childsponsorship@pearlsbuck.org or 215-249-0100 x142.
