THE PHILIPPINES

Date: April 4, 2024
Area: 14-05-8087
Province: Leyte
District: Ormoc
Community: Ipil Resettlement
Nationality: Filipino

Dear Sponsor,

I am pleased to introduce Liana Kieth D. Garjas and her family on behalf of the Pearl S. Buck Foundation-Philippines, Inc. (PSBP). Yanah, who is 8 years old and was born on November 17, 2015, is the youngest child in her family and has a beautiful morena complexion. She is a Roman Catholic, stands 125 centimeters tall, and weighs 21 kilos.

Yanah is currently studying in the second grade at Ipil Central School, which is located 1200 meters away from her house. She commutes to and from school every day by riding a tricycle. Her favorite subject is Filipino, while her most enjoyable school event is the Christmas party. In the future, she hopes to become a nurse.

Yanah enjoys various activities during her leisure time, such as playing hide and seek, playing with toys, racing games, patintero, badminton, drawing butterflies, singing "Angel like You," dancing to TikTok tunes, and reading Filipino storybooks. Additionally, she helps with household chores by cleaning the house, washing dishes, and running errands.

Yanah's family consists of her father, Clemente Garjas Jr. (48), who works as a tricycle driver and earns \$160 a month, her mother, Edna Garjas (48), who occasionally sells barbecue and earns \$60 a month, and her second eldest brother, Barry Garjas (25), who is a merchandiser and earns \$200 monthly. The family members work hard to support each other's needs, and most of their earnings go towards education, food, utilities, and medicine.

It is my privilege to introduce you to the rest of the family.

Name	Sex	Age	Relation to SC	Current Activity	Health Condition
Reniel Garjas	Male	26	Brother	Seeking for a job	Good Health

Reygel Garjas	Male	23	Brother	TESDA Student	Good Health
Fritzy Garjas	Female	20	Sister	2 nd Year College Student	Good Health
Jack Aeron Garjas	Male	11	Brother	Grade 5 Student	Good Health
Socorro Garjas	Female	77	Grandmother	-	Good Health

The Garjas family has been living in their own home for over 8 years, and it remains in good condition. The house is made of cement for the walls and floors, and the roof is made of G.I. sheets. They have three bedrooms and four windows that provide ample ventilation. The family is fortunate to have access to basic utilities such as electricity and water. They use a gas stove for cooking and typically have three meals a day consisting of rice, fish, and vegetables. The family gets their water from a piped water system and has a water-sealed toilet. They use a government disposal system for household waste.

Like many Filipino families, the Garjas family has numerous aspirations. They aspire to guarantee their children's quality education, maintain sound health, ensure a tidy and organized home, and, most importantly, improve their income.

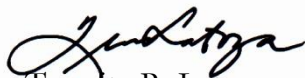

We are delighted to share that in partnership with the community, PSBP has implemented programs that promote health, education, and psycho-social development. These programs benefit children, families, and communities at large. We encourage the Garjas family to participate in these programs as they can provide a newfound sense of hope and confidence, facilitating their journey towards a better future.

Through sponsorship from PSBP, the Garjas family can significantly benefit from financial assistance, supporting their education and overall well-being. PSBP is committed to helping children realize their full potential and lead better lives through various programs. With your support, the Garjas family can receive the necessary financial assistance to accomplish their aspirations.

Yanah and her parents anticipate communicating with you in the future to share special and important family events.

We hope that this new partnership will be meaningful and rewarding for all involved.

Very truly yours,

Teresita R. Latoza
Executive Director
